GUNS SALUTE
IN HIGH STORM.Pike's Peak Dedication Comes
Off in Blizzard.Volley Re-echoes from Snow-
crowned Pinnacle.Impressive Ceremony Amid
Warring Elements.

BY DIRECT WIRE TO THE TIMES.

SUMMIT HOUSE (Pike's Peak)
Sept. 26.—[Exclusive Dis-
patch.] Joseph S. Pul-
land, a private of the Twelfth
Battery, saved Harry Bodie and
Mrs. Allie Orison from death
on the peak today, finding them
when they were barely con-
scious.

Six other young persons, half
frozen, were also rescued by
troopers. All started up the
peak to see the "christening."

SUMMIT HOUSE (Pike's Peak)
Sept. 26.—[Exclusive Dis-
patch.] This historic mountain was christened
today while driving rain, sleet and
snow swept across its crest. Cloud
billows rolled far below, hiding the plains
from view, and electric jets from nat-
ure's batteries flashed frequently
athwart the semi-gloom. It must have
been much like the day, 160 years ago,
when Pike, standing on the crest of a
seer eminence, gazed at the snow-
capped peak which will immortalize
his name.

A large bronze tablet was placed in
position today on an immense granite
cliff which shelves downward into what
is called the "Bottomless Pit." It
commemorates the birth of Pike and
the discovery of the peak by him. A
brigadier-general's salute of eleven
guns were fired, Sergeant Killian
Schmitt of the Twelfth Artillery, be-
cause of his record for bravery in the
field, being the first one. A detachment
of artillerymen took the cannon to the
summit. This was undoubtedly the
highest official military salute ever fired
by any army, and nearly three miles
above sea level.

It was fired by guns of the Twelfth
Artillery and the honor of the Gen-
eral's salute was given to the Gen-
eral's son, Major General William
Zephon Montgomery Pike, who died
April 27, 1813, after a victorious attack
on York, now Toronto, Canada, and
who, seven years later, was killed as
lieutenant and head of the Southwest
expedition sent out by the War De-
partment, making the first record of
existence and location of the mountain
that now bears his name.

As though to give those commemo-
rating his achievement something of the
same conditions under which Pike
made his explorations in this vicinity,
the ceremonies were conducted in the
raging snow storm. The blizzard broke
on the summit before the programme
began, and continued all day.

Seldom has any mountain summit been
more impressive than that of this
morning, the sharp reports echoing
and re-echoing from the vast ex-
panse of Colorado. Colorado Springs;
Gen. Irving Hale of Philadelphia cam-
paign fame, and Mayor E. E. Nichols
of Manitou, were present, along with
among the foothills at the base of the
mountain. The unveiling of the hand-
some bronze tablet, appropriately in-
scribed, was by Nicholas Caldwell, a
nephew of Major Nichols.

While the chief interest of the third
day of Pike Centennial week centered
around this morning's ceremonies on
the summit of the peak, there was no
lack of entertainment for the vast
party of those participating in the
celebration who could not go to the
summit.

Cavalry maneuvers at Camp Pike
in the early afternoon afforded an in-
teresting spectacle for a throng that
was taxed the transportation facilities
of the Colorado Springs and Manitou
railroads. The Twenty-ninth In-
fantry was held on the Cheyenne
Mountain Country Club polo grounds
at 3 o'clock.

This evening there was a reunion of
patriotic and learned societies at Colo-
rado College.

other guests of Thomas F. Walsh are

FLASHES FROM WIRES.

The departure from Cananea, Creto,
for Adabo last night, Prince
George, the late commissioner of the
powers, who is succeeded by M. Zanin,
former Premier of Greece, led to tur-
bulent scenes and a conflict between
the Cretans and the international
troops. Several hundred armed Cre-
tans, seeing his leave taking, at-
tempted to prevent his embarkation.
They broke through the
ordon of troops and soldiers were ex-
changed, resulting in two being killed
and a number wounded on both sides.

The Japanese training ship Angawa,
which is to be the smallest held
for some time, entered the harbor at
noon today. Thousands of Japanese
crowded the waterfront, a swarm of
sambans, decorated with flags, on the
bay, and there was a display of
daylight fireworks.

The Dresden Bank of Dresden yes-
terday announced an increase of cap-
ital of \$5,000,000.

It was announced yesterday that the
Russo-Chinese Bank of St. Peters-
burg will open a branch in New York.

The tenth annual convention of the
League of American Municipalities
convened at the Chicago auditorium
yesterday with over 100 delegates
present from all parts of the United
States and Canada. Mayor Edward
F. Dunne was accorded an ovation at
welcoming the visitors. President
Riess responded.

Lieut.-Col. Albert S. Cummings,
chief of staff on the recent march
of the Eighteenth Infantry from Fort
Riley to Fort Leavenworth, Kan., re-
ceived an order yesterday to report at
Washington at once.

His presence there is desired, in con-
nection with the situation in Cuba.

A bridge over the tracks of the New
York division of the Pennsylvania
Railroad at No. 31 State street and
Columbia avenue, Philadelphia, col-
lapsed yesterday as a heavy train
carrying six men was passing over it.
The car fell to the tracks below and
all the men were hurt, one of them fat-
ally. The bridge fell a few minutes
before an express train from New
York was due at the bridge.

It was authoritatively denied at New
York yesterday that the Erie Railroad
Company is negotiating for the pur-
chase of the Toledo, St. Louis and
Western Railroad Company. It is
stated that the Erie Railroad Com-
pany had in contemplation a possible
purchase of the Clover Leaf road.

cent insurance investigation, "un-
worthy officials were driven from power,
and laws have been enacted to se-
cure the protection of policy holders
against long-existing and widespread
abuses."

BALANCE IN TREASURY.
The faithful enforcement of these
laws and their further amendment
whenever necessary is promised. The
public are congratulated that the di-
rect State tax has been abolished, and
that the fiscal year closes with a
working balance in the State treasury
of more than \$10,000,000.

PUBLIC UTILITIES REGULATION.
"We approve," the platform says,
"the legislation granting a substantial
reduction of the price of gas to the
people of New York city and provid-
ing for a commission to prevent over-
capitalization and excessive charges of
public lighting corporations, and we
favor the extension of this policy to
the regulation of all public utilities
corporations."

PROTECTIVE TARIFF WISE.
The wisdom of the protective tariff
is affirmed, and it is demanded "that
its revision, as occasion may require,
be entrusted to its friends and not to
its enemies."

MERCHANT MARINE.
Legislation "for the restoration of an
American merchant marine, so that
the hundreds of millions now paid to
foreign shipping interests may be paid
to our own people, so that our foreign
trade may be strengthened and en-
larged, and so that we may have an
invaluable reserve power of ships and
men in case of war," is favored.

EIGHT-HOUR LAW.
"The stand taken by President
Roosevelt in his application of the
eight-hour law," is endorsed.

RACE HATRED.
Reduction of representation in the
electoral college and in Congress to
offset suppression of the elective fran-
chise is demanded. The platform also
says:

"Realizing the natural dangers arising
from the alarming growth of mob
barbarities engendered by race hatred
in our own land, we demand the
prompt and adequate punishment of
mob lawbreakers and leaders, and we
insist upon the just and equal protec-
tion of the civil and political rights of
all our citizens without regard to
race, creed or color. We also place
upon record our sincerest sympathy
with the suffering and outraged Jews
in Poland and Russia."

Lieut.-Gov. Timothy L. Woodruff of
Kings county was elected chairman of
the State Committee, succeeding ex-
Gov. B. B. Odell.

The convention then adjourned.

HUGHES AT HOME.
CONDENSES HIS PLATFORM.
[BY THE ASSOCIATED PRESS.—P.M.]
NEW YORK, Sept. 26.—Charles E.
Hughes received the notification of his
nomination for Governor at his home
in West End avenue with his wife and
two daughters. The news came to him
in the form of a telephone message
from the Associated Press, and a little
later the confirmation was received in
an official telegram from the conven-
tion itself. Immediately he forwarded
a formal message of acceptance
through Senator Page.

Hughes was content to allow this
message to be his only utterance at
this time on the subject of his nomi-
nation, a message in which he pointed
out that he accepted without pledge
other than to do his duty according to
his conscience, and in which he de-
clared that if elected it would be his
ambition to give "a sane, efficient and
honorable administration, free from
talk or boresom or servitude."

He declined to discuss his candidacy
or his probable attitude on the issues
of the campaign, but said that his pub-
lic statements during the campaign
would be confined absolutely to the
platform, which, it is expected, would
take up much of his time and to which
he was prepared to apply himself.

BRYAN AND HEARST.
CHEERED AT SEATTLE.
[BY THE ASSOCIATED PRESS.—P.M.]
SEATTLE, Sept. 26.—The Democrats
of Washington in State convention to-
day endorsed Bryan for the Presidency
in 1908, cheered the nomination of W.
R. Hearst to the echo, and placed a
full Congress and judicial ticket in the
ball, as follows:

For Congressmen at large—Dr. P. S.
Byrnes of Spokane, Dudley E. Shel-
man of Tacoma and William Blackman
of Seattle.

Justices of the Supreme Court—Long-
term, C. W. Hodgson of Hoquiam, E.
C. Millon of Seattle; short term,
Warren Tolman of Spokane and B. O.
Sweeney of Seattle.

The convention was the smallest held
here in years, and whole counties went
unrepresented.

RIDICULED BY PARDEE.
RUMOR OF A BOLT.
[BY THE ASSOCIATED PRESS.—P.M.]
SACRAMENTO, Sept. 26.—Gov.
George C. Pardee today practically set
at rest the question regarding the prob-
ability of his becoming an independent
candidate to succeed himself when he
declared unequivocally that he would
support Congressman James N. Gillett.
When approached with regard to the
question of an independent race, the
Governor refused to discuss the matter,
waving it aside with a smile and a
gentle reminder of his previous atti-
tude with respect to the Republi-
can nominee, he said:

"Doesn't it look like I would support
Gillett? Certainly I will support Gillett."

He refused to discuss the matter
further.

BOURKE COCKRAN'S JOKE.
PLATFORM PLANKS LOADED.
[BY DIRECT WIRE TO THE TIMES.]
BUFFALO, Sept. 26.—[Exclusive Dis-
patch.] W. Bourke Cockran, in writ-
ing the platform, employed fragments
of the speech he wrote against Hearst
during and after the municipal cam-
paign of last year. He also put in
several paragraphs from the resolu-
tions denouncing Hearst, which were
adopted by the Tammany General
Committee last fall.

The Laundress' National Association

solved and recommended to the
meeting, H. A. Bonfio of Los Angeles

their delegations of three each from
the caucus.
William P. Mitchell and Frank M.
O'Brien, both of whom were de-
clined, also withdrew.

PLATFORM MENTIONS BRYAN.
The necessary preliminary work was
completed with energy during the
night. The committee on Resolutions
worked until 1 o'clock before a product
to its liking was effected. It was early
decided that the platform should con-
tain a plank for Bryan; also that it
should declare in favor of municipal
ownership of public utilities, the lat-
ter being qualified by a local option
clause.

CONTESTED SEATS.
At 1:30 o'clock this afternoon the
Committee on Resolutions met in the
Democratic State convention hall still
several contested cases before it for ar-
gument.

McCARREN'S OFFER.
Senator McCarran, it is stated, prom-
ised Congressman Sulzer that if he
could furnish him (McCarren) evi-
dence of strength up the State, the
Kings county Delegates, sixty-two
strong, would vote to give him their
votes, as against Hearst.

FIRST CALL TO ORDER.
The convention was called to order
at 11:06 o'clock by chairman Nixon,
who announced that, owing to the in-
ability of the committee appointed yes-
terday to complete work, the session
would stand adjourned until 2:30 p.m.
today. A subsequent recess was
taken.

"THEY'RE OFF."
The convention hall was packed to
overflowing tonight at 7:55 when the
twice postponed second session of
the convention was called to order.
The hall was filled with the masses
of the party, and the atmosphere was
the crucial meeting of the convention,
when the platform was to be adopted,
and the names of the candidates for
the party were to be given him their
votes, as against Hearst.

ers, because, where the outlay for op-
eration exceeds earnings, the deficit
must be made up by taxation, and this
would be socialistic, and therefore hos-
tile to justice and subversive of democ-
ratic government.

These attacks, the most effective of
the utterances being uttered in the
half by Congressman Bourke Cock-
ran of New York, who declared that
Hearst was not his personal choice,
but that the demand that Hearst be
nominated having come from every
section of the State, was not to be de-
nied.

The Democrats also took from the
Independence League ticket Lewis
Stuyvesant Chamber of Dueschere for
Lieutenant-Governor and John S.
Whalen of Monroe for Secretary of
State. The other nominees have no
place in the Independence League
ticket.

SULZER NOMINATED.
George Baines of Rensselaer county
nominated Congressman William Sul-
zer, and his name was given a great
ovation, which lasted many minutes.

Senator McCarran of Brooklyn per-
sonally led the demonstration.
Baines referred to the candi-
dacy of Hearst, and at the mention
of the name the delegates began to cheer,
the demonstration being far greater
than when Hearst was actually
named.

RAINES CHARGES HEARST.
Baines charged Hearst with infidel-
ty to every Democratic trust imposed
in him and to every Democratic prin-
ciple contained in the platform which
the convention had adopted.

The friends of Hearst and those of
Sulzer were constantly arrayed
against each other in the counter-
demonstrations.

The speaker charged Hearst with
sending salaried agents throughout
the State to form an organization to
nominate him for Governor. He re-
ferred to Hearst as a "driver of men
with a brutal lash."

Raines said that any arraignment
of Hearst would be a waste of time
to compare to the denunciatory speech
hurled at that same gentleman by
Bourke Cockran at a mass meeting in
New York held under the auspices of
the Independence League.

He declared that the party, he de-
clared, was to be sold out, body and
soul.

CALIFORNIA HEARD FROM.
A telegram was read by Raines from
Timothy Speller, Democratic State
chairman of California, addressed to
Stanchfield, in which Speller said
that it seemed incredible to the Dem-
ocrats of California that the New York
convention should put forward for
time being every influence in the
State to defeat the Democratic
State ticket in California.

Loud cheering followed the reading
of the telegram, but there were calls
of "Hearst! Hearst!" to combat the
hostile demonstration.

DIX NOMINATED.
Thomas M. Osborne of Cayuga
county, one of the originators of the
Albany conference of anti-Hearst
Democrats, took the platform and
placed in nomination John A. Dix of
Washington county, a nephew of the
late Gov. Dix of New York.

"You can sell the Democratic name,
its emblem and its organization," said
Osborne, "but you cannot sell the
Democratic principle. Opt of the trial
of your dishonor will rise a new Demo-
cracy in which you will have no part."

Osborne concluded in a perfect storm
of interruptions, hoots and applause.

Ovation to Sulzer.
There was a remarkable demonstra-
tion when William Sulzer's name was
mentioned as a candidate. When
George Raines took the platform to
name Sulzer, an amazing uproar broke
loose. Inspired by the Kings county
delegation, half the delegation arose
and cheered. The audience followed
their example, and the hall rang with
cries of "Sulzer," and cheering, which
did not subside until the candidate
could not be heard.

MANY "BRAVES" JOIN IN.
Fully one-third of the Tammany dele-
gation rose and joined in the cheering.
The speaker, who repeatedly wiped
his eyes nervously with his handker-
chief, then he sat suddenly silent,
waiting for the demonstration which
should be given his candidate.

mously chosen for State Controller.
William Schuyler Jackson of Buffalo
was nominated for Attorney-General.
For State Treasurer, Julius Hauser

WILL HE BREAK THE OLD HOME TIES? IT DEPENDS UPON THE CROPS.

JEFF BECOMES FARMER AGAIN.

CALL OF THE WILD RANCH LIFE PROVES ENTICING.

O'Brien Admits Jeff is a Better Man Physically and is Content to Allow Him to Retire—Jack Will Fight Here if San Francisco Does Not Come to Terms.

James J. Jeffries is a farmer once more. He went to his ranch near Burbank, today, and expects to remain there, until the alfalfa cutting is over, at least. Jeff merely laughs at the story emanating from San Francisco to the effect that he has given his word to fight again.

"Not while my mother lives will I enter the ring again," says the retired champion. "My mother is nearly 80 years old, and when I quit the ring she was greatly pleased. If I should go back to the fighting game I am afraid it would kill her."

It is known that Jeff's wife is just as much opposed to his fighting again as is his mother. Jim claims he has plenty to live on, and if that is the case, it would be the mere love of fighting that would induce him to change his mind. None of the heavyweights hereabouts are anxious to believe that Jeff means business.

"Oh, just eliminate Jeff," says Jack O'Brien. "He has given his word that he will not fight again, and we must believe him. Of course, if he should change his mind, I would be the first one who would be ready to meet him, but that is not at all likely. I admit that physically Jeffries is superior to me and a better man, but in a scientific fight, I don't know how a man between us would turn out, that would have to be decided on its merits."

O'Brien is passing his time attending to his business and enjoying himself at the seaside resort. He is taking good care of himself and does not intend in anything that is not good for him. He worries not a bit over his match with Bergman. "If they don't arrange things satisfactorily at San Francisco, I will fight here," said O'Brien. "I have left everything in the hands of my representative in San Francisco, and he is competent to attend to matters while I am away. We signed papers at headquarters, and there should be sufficient to bind the match until the other arrangements are made."

It is believed that much depends on the outcome of the Bergman-O'Brien match as to the attitude Jeff will take in regard to fighting again, despite his declaration that he would not re-enter the ring. It appears as though both O'Brien and Jeffries will steer clear of each other. Jeff wants no more of that fancy work from a boxer, for beating whom he would be given no credit. Jim Corbett pecked him to pieces at Coney Island, and O'Brien might be able to cut up the big fellow's countenance once, if they should meet before Jeff could get to him. It must be some of those legitimate heavyweights who Jeff will fight if he ever changes his mind.

BERGEMAN SHUTS OUT OAKLAND.

VISITORS FAIL TO REACH THE SECOND BAG.

Nagle Starts in to Pitch but is Forced to Quit Game in First Inning, Owing to Injury—Devereaux Does Fine Work, but His Team is Under a Hoodoo.

Los Angeles, 5; Oakland, 0.
After you keep on shaking 23 for six rounds and get nothing, its about time for someone to call up an insanity expert, but no one thought of that yesterday until every one had gone home from the ball game. The longer you looked at it you saw it read the same both ways, and if you had studied the dope you would have found that when a telephone girl could see why Oakland had no more chance than a woman with a gasoline stove.

It was a day full of hoodoo signs, and if Bill Devereaux had buried his left sock under a dead cat's ear at one minute before midnight on a Friday he couldn't have made the Smiths Kanes get out in front. In the first place it was the middle of the week, and the date was 13. Then the Smiths started out in the first inning by getting a man to third base, which made another 13, and they made 12 assists. The Looelos made 2 and 3 runs in the second and third innings and 3 and 2 hits in the four innings.

Thus the runs and hits looked 23 any way you read them and after Bill Devereaux turned and looked at the score board in the fourth inning there was no use trying.

The hittings were not enough to hurt the character of any pitcher. Nagle started in to pitch for the Looelos and he tried to catch a thrown ball with the middle finger of his right hand and got the worst of it and quit the game with a bleeding hand. Then Bergeman went in and no Smithy Kane got to second base during the balance of the game. He made 'em hit the most of them on the ground and as the boys gave him perfect support, it was a case of sit and wait until the end. Two men reached first on singles in different innings and another one drew a pass, but two others were caught in double plays and another was forced out.

Young Hopkins did the business for the visitors and aside from the second and third innings, none of the Looelos reached second base and, after the third, but three got as far as first and these were passed. Such pitching don't make many circus plays possible and the only real thing that started the fans was a beautiful left-handed stop by Devereaux and his equally fine assist to first in the first inning.

In the third inning three Smithys went crazy and juggled the ball wonderfully but played perfect ball after that, particularly again.

The first two runs resulted from singles by Brashner and Dillon and a hard double to left by Enger. In the third inning three Smithys went through him to the center fence; Haley played handball with one near second base; Brashner was passed and Dillon and Toman singled and three runs rolled in.

Gochbauer and Devereaux did fine work and Toman also shone, but Bill

was the only one to astonish the natives. The locals made but five hits off Nagle, but each one counted for a run.

Bull Perrine showed up to umpire and gave very good satisfaction.

DATES FOR BIG GAMES.

Pomona Will Meet Occidental and U.S.C. the Two Weeks Before Thanksgiving.

The dates for two of the most important football games of the season have been set, and were announced by Coach Noble of Pomona yesterday. Pomona will meet the University of Southern California in their big annual contest, November 17, and the game between Occidental College and Pomona will come a week later, on November 24. These two contests will be among the biggest football games held on the Coast this year, as Rugby is to be played in the North, and the three teams interested are the "Big Three" in the South.

Pomona's Rugby season will be over long before the crucial part of the American football season comes along. Her game with the University of California will take place October 20 in Los Angeles, and the match with Stanford is scheduled for the Stanford campus on October 27.

Another game of intercollegiate football that the Pomona enthusiasts are looking forward to is the contest between the freshmen and the sophomores, which is billed for October 6 at Claremont.

Gill Mead Found.
The directors of the Los Angeles Ball Club are breathing easier now, for long distance phone they have learned that Gill Mead, the manager who knows all about the finances of the team, is in Ventura county with a pair of horses, and expects to reach here tomorrow afternoon. The directors actually thought they had lost Gill.

Game Today.
This will be another ladies' day at the ball game, and the struggle will begin at 2:30 o'clock. Rely will probably pitch for Oakland and Burns for Los Angeles. Perrine will umpire.

DAINTY FISTS HIT BOSSISM.

Good Women in Campaign to
Elect Dr. Lamb.

Canvass of Three Hundred
Hotels the Plan.

Unique Political Innovation
Alarms the Gang.

When the push politicians of the
S. P. machine hear this, they will rush
out and kick the butcher for sending
them lamb chops.

Daintily-gloved little fists of Los
Angeles women have stuck another
plug into the drive wheels of the
old machine of which the S. P. has
ceased to be proud.

Women of society, women of affairs,
women who do not believe in running
a 100-acre gambling table at Ascot
Park, and various other unclassified
women, have offered their services to
the cause of Dr. Lamb in his independ-
ent fight to be Supervisor from the
Third District.

They have been accepted, all of
them. They will be bruised in a man-
ner unique in political history.

It's just this: If you were a tender-
foot, living in apartments, and didn't
know whether Dr. Lamb was running
for dog catcher or Governor, and
whether he was a preacher or an herb
specialist, would you be most indi-
cated by a ward healer with an in-
growing cigar stump and orders from
his boss or by an interesting woman
in a new Paris mauler hat with a new
style grandmother shawl and a Da-
cworth-type collar and the cold-
blooded literature appertaining to the
case?

Hearing no "nays," the secretary
will record the vote of the assembled
tenderfoot for the Paris chapeau.

IT'S A CLEVER FIGHT.

This is no joke. It is a clever, in-
genious fight against one of the fat
old schemes of the "push," which has
always considered the "hotel vote" one
of its private possessions.
The bosses have been accustomed
to run in the tenderfoot to the polls
like—well, like lambs.
There are about 300 lodging-houses,

YES, I MAY BE
MANAGER OF A
"LAMB," BUT IF
I CAN WEAR AN
EASTER BONNET
ON ME.

Reynolds, political manager for Dr. Lamb.

apartments, flats and hotels in Dr.
Lamb's own part of the city upon
which he naturally depends for support.

Women—the best of women—who are
interested in Dr. Lamb's election have
volunteered to go the rounds of these
places when the proper time comes.
Interviewing the proprietors and the
new voters, and leaving literature. As
a general thing women who have tried
political campaigning in this city
have proven themselves an intoler-
able nuisance to both their friends and
their enemies, their friends frequently
envying their enemies.

In this instance, however, it is be-
lieved that they will make a danger-
ous fight and cut off this usually
grand chance to do dirty politics.

BRAINS AND REVENGE.

Women who have so far enlisted un-
der the Lamb banner are not wild-
eyed reformers crying aloud for virtue
and righteousness in any old manner
of package. A good many of them
are actually practical; some of them
are even said to be thirsting for re-
venge against the "push" for snub-
bing their plans.

Among Dr. Lamb's friends are sev-
eral brainy women from the Juvenile
Court Committee whose sane and nec-
essary requests have usually been
turned down by the henchmen of
Valter Parker on the Board of Super-
visors.

When the women of this committee
recently asked to have the matron of
the Detention Home removed and to
have certain other improvements made
in the conduct of that institution, they
were turned down cold.

ASCOT NOT FORGOTT.

Although it is too early in the cam-
paign for very definite plans to have
been made, the general understanding
is that several of the women's clubs
will take up the fight in the interest
of killing off Ascot Park.

If the S. P. machine men put this
movement down to a fad of a lot of
fluffy girls they have another chance
to guess.

Particularly the women associated in
this juvenile court movement are
among the most brilliant and sound-
thinking women in this city. They
have already shown their capacity for
hard-headed business methods.

Dr. Lamb's managers say that the
"push" is frantic at the idea of hav-
ing him in the Board of Supervisors
—which is a good sign. The coming
year nearly \$1,000,000 is to be spent
by the county. This means patronage
needed by the good old S. P. "push."

It means jobs for the faithful min-
ions who maintain as Walter stalks
through the Courthouse corridors.

Dr. Lamb began his active campaign
right before last at a little neighbor-
hood meeting in Lincoln school, Hol-
lywood. It was some sort of improve-
ment society.

They talked over the situation in a
friendly way, and an informal recep-
tion was held, during which Dr. Lamb
met all the members of the associa-
tion.

Tonight he will address a meeting of
young men in the Second Ward.

STARTLING FIGURES REGARDING DIVORCE.

Church Commission's Report Shows
Golden California in an Unhappy
Light—Legislature to Be Urged to
Amend State Laws.

THERE have been as many divorces
granted in a single county
of California in one month as
have been granted in the whole of the
Dominion of Canada in ten years.

This startling statement and others
almost equally surprising in their na-
ture, stood out in the report of the
Interdenominational Commission on
Marriage and Divorce, presented yester-
day before the Los Angeles Presby-

and Daly street.

The report is the most sensational
document in the annals of the anti-

Methodist Conference Gets
Down to Business.

Reports of Prosperity from

Gossip of Transfers Heard in
Riverside.

No conference of Southern California
Methodism ever opened under more
favorable and pleasant auspices, than
the annual session at Riverside yester-
day.

The church is ideal for the purpose,
the people are enthusiastic in want-
ing to show that they know how to do it,
and it is in charge of a bishop who
is a good speech-maker, and knows
how to make such a gathering prompt,
pleasant and profitable.

In the rear of the handsome audi-
torium are two parlors set apart as
rest rooms for the ladies in attendance
at the conference. One of them is a
room fifty feet square, elegantly fur-

ished with desks, easy chairs, couches
and rugs, and every comfort.

We found the condition worse than
has usually been reported, even by
those usually stigmatized as alarmists.

THIS COUNTY'S SHOWING.

In Los Angeles county during the last
ten years more than 400 divorces have
been granted. The ratio to the popula-
tion has increased year by year. Dur-
ing the year 1905 948 applications for
divorce were entered in this county.

The greater part were granted, and all
represented homes hopelessly wrecked
and disgraced. In San Francisco about
140 applications a month are being
made. The same conditions prevail in
various degrees in all of the different
parts of the State.

There have been as many divorces
granted in a single county in Califor-
nia in one month as have been granted
in the whole Dominion of Canada in ten
years. In Canada the laws are so
framed as to make it very difficult
to obtain a divorce, a special act of
Parliament being required in each
case. The people are thus educated to
be more careful in regard to entering
into the marriage state, and when mar-
ried, husband and wife learn to find
some other way to settle their contro-
versies than by taking the fatal and
destructive plunge into the divorce
court.

We find also that the pretenses for di-
vorce before the courts are often trivial
and absurd. The greater number of
suits are on account of desertion and
failure to provide. Frequently cruelty
is alleged, and the cruelty is usually
described as something that occasions
"great mental anguish." Husbands
and wives are encouraged to desert
each other and to treat each other un-
kindly, when the great object they
have in view is to secure a divorce with
the privilege of soon remarrying.

We also find that nearly all cases
go by default. Only one lawyer ap-
pears and one set of witnesses, and
there is every indication of collusion.
There are many cases where the au-
thorities are guilty of outrageously brutal
conduct toward his wife, and these
cases suggest the need of laws that
would bring some adequate punish-
ment on the guilty party in a di-
vorce. If a man treats his horse or
his dog cruelly he can be arrested by
an agent of the Society for the Pre-
vention of Cruelty to Animals, and
punished, but if he is cruel to his
wife he gets what he is longing for,
a divorce, and hurries off gaily to an-
other marriage. He remains the same
brutal fellow as before, and his new
wife often soon appears in a divorce
court, and so it goes on in an endless
round of sorrow and disgrace.

Study the case out for yourself and
you will find that the condition is
threatening the great foundation of
our national and social life.

AMENDMENTS SUGGESTED.

While our ultimate object is to se-
cure uniform divorce laws for the
whole nation, according to the high-
est standard, we have concluded that
it will be well to begin the matter by
endeavoring to secure certain amend-
ments to the laws relating to divorce
in our own State at the next meet-
ing of the Legislature. The first two
of these amendments have the approval
of the American Bar Association, and
the others are suggested by eminent

including First Church, Pasadena, and
Pomona, the two churches ranking
second and third in membership on
the old district, and Pasadena ranking
first in value of church property, ge-
nerally.

of her glory, and cut down to the rank

sible of her former standing.

ing of trumpets nor ringing of bells.

missionary money than was reported
by the undivided district three years

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

An adjourned session of the City Council yesterday afternoon was given over to a discussion of proposed amendments to the city charter, and a commission was appointed, which will report Monday.

The City Council yesterday passed an ordinance prohibiting obscene pictures or posters on billboards, or their circulation within the city.

A spur-track franchise was granted the Salt Lake Railway Company yesterday for a section of Humboldt street north of Avenue Nineteen.

Trial of the suit of the Los Angeles Inter-urban Railway Company against M. Montijo and others was in progress yesterday in Judge Monroe's court, the action being to quiet title to five lots at the east end of the Macy-street bridge.

Novena Smith, aged 24, and wife, aged 19, were declared insane yesterday and were sent to the State hospital at Patton. Their dementia resulted from the use of cocaine. Their infant child will be cared for by friends.

J. W. Tyler, a policeman, has applied for a writ of mandamus to compel the Board of Police Commissioners to reinstate him as sergeant. He claims that he was demoted illegally.

Absence of witnesses in the case of L. A. Salazar, charged with grand larceny, resulted yesterday in the trial being continued until October 14.

A photograph showing Mrs. J. Stadel and her woman servant, both dressed as men, was offered as evidence yesterday in a divorce suit.

David Madden was sentenced yesterday to two years in prison because he tried to steal a purse which had been dropped on the street by Miss Mabel Harold.

Charles Burroughs, a teamster, was fined \$60 by Justice Chambers yesterday for brutally beating a mule.

S. B. Bland, a suit-case thief, was given a surprise by Justice Austin, who sentenced him to serve six months in the City Jail.

AT THE CITY HALL.

CITY'S CHARTER TO BE PATCHED.

MANY AMENDMENTS PROPOSED BY CITY COUNCIL.

Chief of These Are Provisions for Owens River Project, Passage of a Street Railway Freight-Carrying Franchise and Repeal of Twenty-one Year Limit.

Another patching up is to be given the city charter, that it may answer its purpose until the next session of the State Legislature makes provision for the city of Los Angeles adopting new charters.

Several important changes were proposed at the adjourned session of the City Council, held yesterday afternoon, and that body appointed as a committee to draft amendments to the city charter.

A. C. Capen, Oscar Mueller, A. C. Harper, C. D. Willard, A. S. Peterson and Robert Todd.

This committee is to confer with the City Attorney and take immediate action, so that the proposed amendments may be passed by the Council at its session next Monday, and that they may be at once advertised.

Next Monday will be the last day such action can be taken if any amendments are submitted to the vote of the people at the next general election. The law provides that proposed amendments must be advertised for twenty days, and that there shall then be an intervening forty days—sixty days in all—before the general election, at which they are to be voted upon by the people.

The first subject discussed by the Council in this matter was that of providing freight-carrying franchises for the street railways of the city. This was especially urged by Councilman Smith, who declared that the people of the city want the street railways to have this right, and that it would be a matter of grave inconvenience if the right was delayed until a new charter was adopted.

City Attorney Matthews raised the point that the city is in a position to provide for the carrying of freight on outstanding street railway franchises—that is, that the city is in the nature of a contract and that the city is simply one party to the contract. He believed that provision could be made whereby if the owners of the franchises consented, the right to carry freight over their lines could be advertised for sale, and that there was no doubt they would thus bid in the privilege. Thus the difficulty spoken of could be surmounted and the freight-carrying franchise, by the proposed amendment, could apply to all new franchises granted.

The subject of repealing the twenty-one year limit to the life of street railway franchises was also taken up and met with the approval of the Council. By vote of all members of the City Council present, Blanchard, Hammond, Healy, Miller, Kern and Smith, the special committee appointed to prepare proposed amendments was requested to include both the freight-carrying privileges and the elimination of the twenty-one year clause in their work.

The City Attorney outlined several measures which he desired to have formulated into propositions to submit to a vote of the people. The main one was provision for obviating the present difficulty in the way of the Owens River aqueduct project. In the matter of the employment of labor for the aqueduct project, he advised that there should be a change so that all such labor should be exempt from the Civil Service Commission.

Matthews declared that it was of the utmost importance that the city make provision for securing all the labor possible for this great piece of work, and that laborers would not take the civil service examination in order that they might go out to work on this project. It was also suggested that this condition might be met by the city in the completion of the outfall sewer, and it is probable that one of the proposed charter amendments will be that all persons employed by the city, on work outside of Los Angeles, are exempt from the examinations of the Civil Service Commission.

An amendment desired by the Board of Education is to provide that only five instead of six of the seven members of that board may transact business, and that it be given the power to appoint members to fill vacancies. At present there is a conflict in the charter as to whether the Board of Education and the City Council are given the same power in this regard.

Still another desired amendment which was proposed yesterday, is one providing that the Board of Public Works shall have full power over the arrangement of work and disbursement of money raised by bond issue for any special project, but that it shall be required to obtain the permission or sanction of the City Council for the expenditure of money from the general tax funds.

Another recommendation of the City Attorney is that there shall be created

a disbursement office for the payment of men employed by the city, without it being required that they come directly to the City Hall for their pay.

At present there is no provision for getting the wages of the men promptly in their hands, and in the case of the Owens River project it will be necessary that this be done weekly. Under present conditions there is no authority for the depositing of any funds in outside banks so that they may be drawn upon for payment of laborers. In fact, no city money can be deposited anywhere except within the vaults of the City Treasurer.

The so-called Voters' League, representing nothing in particular and little in general, also presented a series of propositions for amendments.

An amendment which the Board of Public Works requested should be placed before the people is that providing for the increase of the salary of the City Engineer from \$2000 to \$3000, as it is claimed the salary at present paid to this office is not sufficient to retain men capable of meeting the city's requirements.

Because of the very short time in which these proposed amendments must be considered, the Board of Public Works requested that the proposed changes may be ready for action of the Council on Monday. The Council will hold an adjourned session at 2 o'clock on Friday afternoon to further consider the various phases of charter amendments.

No Obscene Billboards.

The City Council yesterday afternoon passed an ordinance which has been requested by the Women's Christian Temperance Union and other women's organizations. It prohibits the "making, printing, sale, distribution, circulation or posting of pictures, bills or posters," and it otherwise provides that any person causing to be posted or distributed such obscene pictures or posters shall be subject to a fine of \$200 or 100 days in jail, or both.

Spur Track Franchise.

By a vote of all Councilmen present at yesterday's session, a spur track franchise was granted the Salt Lake Railroad for a section of Humboldt street, north of Avenue 19.

Church Makes Protest.

The Church of the Nazarene, through its trustees, has filed a protest with the City Clerk against the assessment district which has been formed for the widening of Sixth street, because only the frontage on both sides of the street has been included, whereas the protestants say that the whole one-half block on each side of the street be included in the assessment district. Another protest, representing a sale of lots of about one acre, filed at 5 o'clock last night. The signers do not object to the proposed improvement, but want a larger assessment district and the widening extend clear through to Main street.

City Hall Notes.

Property owners on Rockwood street ask for its improvement from Lake Shore Drive to Belmont avenue. A petition for this also has been filed on the improvement of Abbott place, between Avenue 53 and Avenue 54.

The Board of Public Works sent to the Home Telephone Company a communication in which the telephone company is called down for placing a line on one of the best streets in the city, directly in front of the St. Agnes Church, at Adams street and Vermont avenue, and which the board had ordered should not be placed until the company's representative had conferred with the board about it. The church people have raised objections to the unsightly cable, and the telephone company is requested to send a representative before the Board of Public Works at once to make explanations.

AT THE COURTHOUSE.

COMPANY WOULD OUST MEXICANS.

FIVE LOTS AT THE MACY STREET BRIDGE ARE IN DISPUTE.

Railway Corporation Wages Suit to Quiet Title to the Property and Proceedings Are Attended by Many Interested Residents of the Locality. Old Pueblo Rights Involved.

The paramount rights of squatters to the land upon which they had squatted for a long time, was the question at issue in Judge Monroe's court yesterday, and many interested Mexicans were in attendance to watch the proceedings.

The action is one to quiet title and was brought by the Los Angeles Inter-urban Railway Company against Manuel Montijo and others and involves the Owens River aqueduct project. The lots are located in the east side of the river at the Macy-street bridge and block the way of the street car line.

Attorney Crutcher, of the railroad law firm, put in proof of purchase by the railway company of this property from a realty company in this city some years ago. Crutcher produced and offered in evidence what Mrs. Stadler was compelled to acknowledge represented Earl Anderson and herself standing in a familiar attitude, both garbed in men's clothing.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

SENT TO PATTON. F. L. Deyo was yesterday ordered committed to the State Hospital at Patton by Judge Gibbs. Deyo is 50 years of age and has been confined before. At times he is violent and imagines that he hears voices. His divorced wife lives at Chino.

WIFE DESERTED. O. W. Hawkins was granted a divorce yesterday from Eleanor Hawkins on the ground of desertion. They were married in this city in 1902, and two years later, while living at San Bernardino, the wife deserted the husband. She has since turned to Illinois, where she is supposed to be now residing.

GOT TWO YEARS. When Miss Mabel Harold dropped her purse, containing \$20, at the corner of Second and Main streets in September, it was found by her. She was not quick enough, and was arrested on the spot. She pleaded guilty in Judge Gibbs' court yesterday and was sentenced to two years in Folsom prison.

BROKEN HEALTH. Clara M. Murphy, a young woman who has been under treatment in a private hospital at Boyle Heights, was yesterday declared insane and sent to Patton by Judge Gibbs. Miss Murphy had an illness some time ago, which resulted in her mind becoming affected.

WESTFELDT DIVORCE. Stella S. Westfeldt has been granted a divorce from F. H. Westfeldt on the ground of desertion. They were married in this

city in 1908, and in the following year the husband went to San Francisco to try and get work. He never communicated with his wife and abandoned her to her own resources. Westfeldt was once in the real estate business. Before the marriage Mrs. Westfeldt was one of the prettiest and most popular young girls of this city.

ALDRICH ESTATE. William S. Aldrich, administrator of the estate of the late Dr. E. W. Aldrich, who was shot and killed in the Savoy Hotel, filed his final account yesterday. He charged himself with \$11,767.50, and now has ready for distribution \$6804.20 in cash, and property valued at \$1012.50, making a total of \$7717.70. From this sum, however, will have to be deducted yet another attorney's fee and the allowance made by the court to the administrator himself.

THE INFERIOR COURTS.

STRIKES MULE WITH SHOVEL.

AND TEAMSTER BURROUGHS IS FINED FOR CRUELTY.

Animal Beaten and Bruised by Enraged Man—Bland, Given Surprise by Justice Austin, Will Remain in Jail for Six Months While His Record is Investigated.

Charles Burroughs, a teamster residing at No. 121 West Thirty-ninth street, was convicted of cruelty to animals in Justice Chambers' court yesterday afternoon, and was fined \$60. Burroughs conducted his own case, and denied the statement of every witness brought by the prosecution.

Charged with having beaten a mule until the animal fell exhausted, Burroughs tried to explain that the animal had kicked him and provoked him until it was necessary, according to the testimony, to deliver a beating to the brute.

Witnesses testified that Burroughs beat the beast with a long-handled shovel and broke the animal's back. The animal was out and bruised, and in several places blood drawn. The shovel was produced in court, and on the broken part of the handle were bloodstains.

It was an indifferent defense which Burroughs made, and the judge said he practically denied everything that was said. He testified that he works for Joseph Grisenwaldt, who owns the above animal. He said he was hauling sand, and the animal refused to work properly.

Justice Chambers found the man guilty as charged. Burroughs asked to be released on his own recognizance, but his request was denied.

About 6 o'clock yesterday afternoon Mrs. Nancy Spaulding, the mother of Burroughs, appeared at the Central station and was taking in as much as she could of the scene. Her request was denied and she created a scene. She demanded to know why she could not speak with him, and said she wanted to find where he works so that she could get his money and effect his release. The officers turned away from her, declaring that during the hour for visiting prisoners was past.

Six Months for Bland.

S. K. Bland, who was convicted of petty larceny in Justice Austin's court yesterday, was given a surprise package when sentenced to serve six months in jail. Bland threw himself on the mercy of the court and expected to get off easily. He was given a severe jolt.

Systematic thefts of suit cases from trains have annoyed the police for some time. The investigation of the thefts were traced to Bland, and yesterday he was declared to Justice Austin that the officers were ever on the watch for him. Justice Austin was not disposed to agree with the prisoner, and while the man is serving his long sentence the police will investigate the record, as it is thought his past will reveal that Bland is a noted criminal.

Wife-Beater Pleads Guilty.

R. B. Leatham of No. 443 Crocker street was arrested yesterday morning, charged with battery. He was lodged in the City Jail and will appear this morning before Justice Chambers for sentence.

Attracted by screams from the residence, a patrolman investigated and found Leatham beating his wife. The woman was bruised, and was unwilling to make a complaint against her husband. The couple live in one room. Leatham has been in trouble several times before. He pleaded guilty and will be sentenced today.

Several weeks ago F. Volts, who is said to be enamored of Mrs. Leatham, caused a sensation by firing four shots at Leatham. His poor aim saved the man's life.

Francisco Found Guilty.

William Francisco, who created a disturbance at the Forepaugh-Sells circus Tuesday night, was tried yesterday before Justice Chambers and found guilty of battery and resisting an officer. He will appear this morning for sentence.

Battery the Charge.

Lizzie Baladdo, gypsy, accused of trying to smother the two-months-old babe of Mary Mitchell, another member of the tribe, was charged with a charge of battery. The Mitchell woman was released yesterday.

At the meeting held at Frankfort-of-the-Main yesterday of the International Cancer Congress it was resolved to establish an international society to check the spread of cancer.

MRS. FLEET GAINS DAMAGES FROM MRS. TICHENOR.

Jury Holds That Defendant Harmed Plaintiff's Character by Making Remarks That Mrs. Fleet Had Robbed House of Jewels—Mrs. Tichenor Talked With Spiritualist Medium.

A verdict of \$1000 damages was rendered by a jury in Judge Bordwell's court yesterday in the second trial of the case instituted by Mrs. Bessy Fleet against Mrs. Adelaide Tichenor to secure \$10,000 damages for defamation of character. Both of the women reside in Long Beach. Mrs. Fleet alleged in her complaint that Mrs. Tichenor had made remarks which reflected seriously upon Mrs. Fleet's reputation as a good woman.

At the former trial the jury was unable to agree. It was stated later that they had stood eight to four in favor of the defendant.

The testimony showed that the trouble between Mrs. Fleet and Mrs. Tichenor had grown out of the robbery of the Tichenor home by some unknown person. The stolen articles included a diamond pin, three gold pins, gold bracelet, club pin and a mullin tie. Before leaving home on the day of the robbery, Mrs. Tichenor hid the door key beneath the kitchen porch, as was her custom.

Mrs. Fleet had been employed in the Tichenor home at various times to do housework. After the robbery, Mrs. Tichenor suspected that Mrs. Fleet had robbed the house, owing to her knowledge of where the door key was usually hidden.

According to the testimony, Mrs. Tichenor told the Rev. Charles Pease and Mr. Phillips, a detective, that she believed that Mrs. Fleet had stolen the jewels. Mrs. Tichenor was alleged to have said that she had received information from a spiritualist medium that Mrs. Fleet was the robber.

Mrs. Tichenor is a woman of some means, a member of the Elks and other clubs and societies of the beach city. The robbery of her home caused quite a stir in police circles in Long Beach. Several detectives and policemen worked diligently for some time to apprehend the robber, but all their efforts were in vain.

GREAT REGISTER CLOSED.

The great register closed at midnight last night at the Courthouse. There was no particular rush. More persons registered the night before. It is expected, however, that a great bunch of names will be turned in today from the deputies who have been registering men on the streets. In addition to the men who had little tables stacked out at the City Hall and about the street, there were a number who had roving commissions, and took the names of voters "on the fly," stopping them on the streets. These deputies are paid 5 cents for each name taken. For the last few days some of them have been taking in as much as \$7.50 a day, and yet not all voters registered.

WEDS CALIFORNIA GIRL

SPRINGFIELD (O.) Sept. 26.—[Exclusive Dispatch.] Clifford E. Piggett, proprietor of the Syndicate Store of Urbana, ten miles north of here, and Miss Laura Hauda, daughter of the Mayor of Arcata, Cal., have just been married. This word was received by wire tonight by friends here. The couple, who have started for the East, first met at the Triennial Convale in San Francisco two years ago. They fell in love at sight.

Col. John Jacob Astor arrived at Newport, R. I., last night and went at once to Beechwood, the home of his mother, Mrs. William Astor, where he will remain until it is decided what the plans for the future of Mrs. Astor are to be. Col. Astor has just returned from Europe. Mrs. Astor is able to leave over a month as according to her physician is improving slowly.

he has handled on smaller teams. Then there are the reliable men that were here last year who will prove the stand by in the big games. Oliver Best was last year's quarter-back. Edward Cooper played sub half; Fred Brown, who was a guard on last year's team, is back; Eugene Shute played at end; Charles Haigler, the tall Arizonan, will be remembered as a halfback in the games of last season.

"Stan" Burek, L. A. Lucas, Griffin, and Norman Jack, who has played some football, were registered here last year and are all good athletes and have the necessary avoirdupois.

The championship games of the season, arranged by Manager Hugh Wile, are: Occidental on October 12; St. Vincent, November 12; Pomona, at Claremont, November 17; and the Thanksgiving game with the Sherman Indians at Fiesta Park. Games of minor importance will be played Wednesday and Saturday, during the next two months with Throop Polytechnic, and the various high schools. A lot of new uniforms have been ordered for the team.

This morning a chapel challenge will be read from the freshmen to the sophomores for a game which will take place Friday evening. All branches of the physical culture

Coach Holmes and U.S.C. football players who are expected to be stars during the season.

sider football of first importance in the physical training of the young men, it is extremely unlikely that other schools in Southern California will win from U.S.C. through any indifference or forgetfulness on the part of the players as to the hours of practice. On the contrary, if any of the team slight any of their duties it is very likely to be in some other department, and if the head work in every class were done as well as that on the gridiron there would be higher marks made by young men in Greek and trigonometry and fewer of them conditioned in philosophy and modern languages. This applies to every modern university.

The team is going through the awkward squad period. The men are divided into squads of five, composed of a center, two halves and a fullback and are run through the rudimentary signals. This feature was originated and put into practice by Coach Holmes a year ago and proved so successful, that he has retained it for use this season. It not only teaches the men to start quickly and play fast but teaches them the rudiments of the game at the same time.

Positions on the team have not been given out, nor the exact men chosen to represent the Cardinal and Gold on the football field but temporary places probably will be assigned by Thursday or Friday.

There is plenty of excellent material from which to select a winning eleven. Among new students there are Custin, Kenneth Wallace, Cornwell, Rhythe, Enaley, Morris and Moe; Shaw and Cain, both from Long Beach; William Harriman, Gates of Alhambra, Charles Richardson of Santa Paula, and Steven Bosbyshell of Los Angeles. If Richardson plays it will be in the line, while Shaw will try out for quarter-back, a position

work are now well organized under Prof. Holmes' management. The regular class work in the gymnasium is receiving more attention by him than any other feature, for, as he states, this work is all-around body building, giving health and strength without exercising any group of muscles to excess. The work has doubled in extent since last year.

Last year there were two classes among the boys. At present there are four, and these will contain 200 students, with 100 of them now attending. The girls' classes have increased at the same rate, there being two with an enrollment of a hundred. The class work of the boys' gym classes will include one or two days on the track, and the girls will be outside on the basketball court an equal number of periods.

Next week a series of handball games will begin, both singles and doubles, and medals will be given for both. Cross-country running will be taken up soon by the track team.

ZION HAS A NEW LEADER.

VOLIVA IS WORRIED BY PROSELYTER'S INFLUENCE.

Evangelist of Apostolic Faith Gains Converts Among High Elders, and While Opponent of Dowie Says "Chosen" — New Leader Talks Against Prominent "Pillars."

(BY THE ASSOCIATED PRESS—A.M.) CHICAGO, Sept. 26.—A new leader has arisen in Zion City. He is Charles Parham, an evangelist of the apostolic faith, a sect that has 5000 followers, chiefly in Kansas and California. In a single week he has already secured several hundred followers, and last night several Overseers Voliva held a special meeting of officers of the church to see if some prompt and effective measures could not be taken against the proselyter.

His converts include some of the prominent elders. "You must choose either me or this proselyter who has stolen into our church," said Voliva, at the meeting. "You cannot serve two masters. This man is winning some of our most faithful people from their allegiance at a critical time. The only thing that will enable us to weather the present storm is unity. I fear that his unity is threatened."

Meanwhile Parham was holding an enthusiastic meeting at the residence of John Clark, not more than a block away from the college. The house was crowded and the congregation covered the lawn. "I have come to save the people of Zion from the selfishness and bigotry of their leaders," said the evangelist. "Four months ago I saw Zion City in a vision, and the trouble of a people were made clear to me. I came and go to Zion and take up the burden of an oppressed people. I will give you out of all your difficulties. You will trust in me. 'We will,' shouted more than 300 people, with the vim that formerly greeted the utterances of John Alexander Dowie. Parham's most important convert is J. Lee, who resigned his position as general ecclesiastical secretary of the church. W. H. Rockham, who was manager of the Zion City Bank until two weeks ago, is another, and George J. Rogers, manager of Elijah Hospital, is another.

PROPOSES INVESTIGATION.

The President Has the Evidence and Will Order Examination of the Sugar Trust.

(BY THE ASSOCIATED PRESS—A.M.) PHILADELPHIA, Sept. 26.—President Roosevelt is in possession of evidence furnished by Receiver Earle of the wrecked Real Estate Trust Company which is expected to result in proceedings by the Department of Justice against the so-called sugar trust. One of the assets of the Real Estate Trust Company is the sugar refinery, a city built by Adolph Seigal, the promoter, whose borrowings from Frank K. Hippie, the suicide president of the bank, were responsible for the collapse of the institution. The American Sugar Refining Company holds a controlling interest in the refinery, which has been operated, and Receiver Earle hopes to show that was tied up as a result of a conspiracy in which the sugar combine was involved. Today the receiver held a protracted conference with C. E. Hutchinson of New York, a lawyer representing the American Sugar Refining Company, several factors of the Real Estate Trust company and counsel for Adolph Seigal. Mr. Earle said the question of whether he should proceed against the so-called trust under the provisions of the Sherman act, or under the State law, was discussed, but not definitely settled.

TYPHOON SWEEPS LUZON.

Waves, Crops and Lives Are Wiped Out by Tropical Storm That Ravages Island.

(BY THE ASSOCIATED PRESS—A.M.) MANILA, Sept. 26.—The Caymanes, in the northern part of the island of Luzon, was devastated by a typhoon September 13. Barrios, Gallan and Laguna were totally destroyed and four towns were badly damaged. Caymanes is the principal tobacco region of the island, and the crops were practically destroyed. Loss of life is known to have been slight. A typhoon in Laguna province, island of Luzon, September 22, destroyed a number of houses and caused about \$150,000 damage in towns situated in the path of the storm.

(BY THE ASSOCIATED PRESS—A.M.) PARIS, Sept. 26.—American securities were for the first time today listed on the Paris Bourse. With the final approval of the governing committee of the Stock Exchange of France, the Pennsylvania Railroad's recent \$5,000,000 bonds became the feature of negotiations when the market opened at noon, both for cash and account, and the fully paid-up bonds and cash only regarding the entire issue. Two other American railroads it is understood are already arranging to have the Pennsylvania's example.

BOAT PLOWS INTO MORGUE.

Breaks Up Funeral, and Scatters Caskets of Unclaimed Dead on Floor.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 26.—[Exclusive Dispatch.] On its return trip from Blackwell's Island at 2 o'clock today the Charities Department ferryboat, the Thomas S. Brennan, crashed into the morgue, at the foot of East Thirty-sixth street, plowing a big hole in the south side of the chapel, throwing the body of Charles Fisher, late of No. 150 West Forty-sixth street, from the pier to the floor, driving out the mourners and knocking over thirty boxes containing unclaimed dead, spilling some of the bodies on the floor of the morgue.

John Fane, morgue-keeper, by the force of the collision, was thrown from his chair. (The ferryboat was badly damaged.)

SUSTAINS ATTORNEY.

Salt Lake Judge Says Warrant Against President Smith Was Not Supported by Evidence.

(BY THE ASSOCIATED PRESS—A.M.) SALT LAKE CITY, Sept. 26.—Judge Armstrong in the district court decided today that County Attorney Farley P. Christensen could not be compelled to issue a warrant for the arrest of President Joseph Smith on a complaint sworn to by Charles Mostyn Owen, charging the head of the Mormon church with a statutory offense. The court was of the opinion that the complaint sworn to by Owen was indefinite and did not show that Mary Schwartz Smith, whose relations with the president formed the ground of the complaint, was not his legal wife. Charles Mostyn Owen, who has been extremely active in the work of tracing alleged violations of the law by the officials of the Mormon church, says he will take other steps to compel the issuance of a warrant against President Smith. President Smith is in New York at the present time.

(BY THE ASSOCIATED PRESS—A.M.) WICHITA, Sept. 26.—In the United States District Court here today, the Boyce Cattle Company entered a plea of guilty to four counts of an indictment for maintaining fences on government land. Judge Pollock sentenced the company to pay fines aggregating \$1250.

(BY DIRECT WIRE TO THE TIMES.) DETROIT (Mich.) Sept. 26.—[Exclusive Dispatch.] Ebbanham Lank, the Los Angeles contractor who is in Detroit to prosecute William Conscience and James Duggan, two saloon-keepers, on the charge of robbing him of \$500 several weeks ago, will have to remain in Detroit at least until the latter part of November, and possibly until Christmas.

PRICE OF SALT RAISES.

Trust Adds Sixty Cents Per Ton to Cost on Ground of Scarcity of Product.

(BY THE ASSOCIATED PRESS—A.M.) NEW YORK, Sept. 26.—The International Salt Company has raised its price on all grades of salt approximately 60 cents per ton. This is the third raise within a period of three months.

The reasons given for the latest advance are that the shipping charges on two of the largest producing plants in the Utica district has caused a shortage in the supply, and the demand is unprecedentedly large, and that difficulty has been experienced in securing cars in which to transport the product.

ONE STAYS, ONE GOES.

Chicago Ministers Are Affected by the "City Problem and Rapid Changes of Population."

(BY THE ASSOCIATED PRESS—A.M.) CHICAGO, Sept. 26.—The determination of Rev. William Brown Thorpe of the South Side Congregational Church to leave his pastorate became known yesterday. His reason was "the city problem," the changing character of neighborhoods and the invasion of his parish by more transient and less churchgoing population. At the same time another South Side minister, Rev. Johnston Myers of Emanuel Baptist Church, who has decided to leave, reversed his decision and elected to stay because he saw a vast work ahead in purifying the region of which his church is the center.

No seizures were made this season and no accidents were reported.

The take on the island was lower than ever, owing to the scarcity of seals, but 10,000 were taken on the rookeries by the North American Commercial Company. Six schooners were spoken, the highest catch reported being 600 skins.

A dozen Japanese sealing vessels were seen in Bering Sea according to advices brought by the Shearwater. Officials on the Sea Islands consider the raid of the Japanese to have been a well-organized affair. Suddenly four schooners appeared at different points, when the fog lifted, and raiders were seen on shore armed with shotguns. They killed 120 seals, when the guard surprised them and the majority made off in the boats under fire of the guards, who killed three on the beach and two in the boats. The two bodies were thrown overboard by the escaping sealers.

MIGHT UNCHAIN A WORLD-WAR.

GENERAL SOCIALISTIC STRIKE IS NOT FAVORED.

Herr Bebel Denounces "Counter-stroke" Idea of Dutch Anarchists as "Childish"—President of Trades Union Committee Says Even Discussion of Strike Reveals Weakness.

(BY THE ASSOCIATED PRESS—P.M.)

MANNHEIM, Sept. 26.—Herr Bebel, the Socialist leader, in a speech at today's session of the Socialist convention on a suggestion that German intervention in Russian affairs ought to be followed by a general strike of Socialists as a counter stroke, said that such a step on the part of the German government was an impossibility, adding:

"Certainly Emperor William, Chancellor Von Bismarck, all the reactionaries and the middle classes are on the side of the Russian Emperor and the Russian government, and wish that the Russian revolution may be beaten down."

"But it is a mighty step from such a wish to the deed. The experiences of 1892 are not encouraging. Today Prussia stands not with a world coalition for her, but directly against her. Germany, by intervening in Russia, would unchain a world-war from the consequences of which those holding the reins shrink with horror."

Herr Bebel alluded to the idea of the Dutch anarchist, Herr Nieuwenhuis, that a general strike would be used at the outbreak of war as a weapon to compel peace, as being childish. He said that the masses in the excitement of the outbreak of war would not think of a general strike, but only of the war. Herr Bebel did not believe that a general strike would win in Russia under any circumstances at present, but this did not exclude the idea as a possible weapon in the future.

Herr Legien, president of the general committee of the Trade Unions said he regarded even the discussion of a general strike as revealing the weakness of the workingman's position.

BUDAPEST, Sept. 26.—Otto Hildard
Tittman of the American Coast

International Geodetic Congress today
on the widely-extended activities of
the American bureau. The congress
very much interested in the rapid
progress of the survey along the
ninety-eight meridian, which is to be
continued southward by Mexico, and
which, in its results of precise leveling,
is proving that the Atlantic and
Pacific oceans and the Gulf of Mexico
are at the same level. Great interest
was shown also in the investigations
now under way to determine the ex-
tent of the horizontal displacement of
the earth's crust along a geological
fault 400 miles in length, caused by the
San Francisco earthquake. The shift
was found to be one inch at the request
of the California earthquake commis-
sion.
